Guidance for PVI settings

Clearly state what Equality of Opportunity means in your setting:

Equality of opportunity requires that everyone has an equal chance to develop themselves to their full potential and be safe and free from harm. The Early Years Foundation Stage states that "children should be treated fairly regardless of race, religion or abilities". It includes:

- equality of access for all
- social inclusion for all
-

- That it relates to the SEND Code of Practice 2014, Children's and Families Act 2013 and Equality Act 2010
- must make reasonable adjustments to include children with SEND
- must not discriminate against or harass children with SEND

State the setting ethos and values around SEND.

- What are your long term aims for the children?
- How will children with SEND be fully included in activities and setting will focus on positive OUTCOMES for the child
- External support may be required, with parents' permission.
- Additional training will be accessed by staff to raise awareness and knowledge of SEND.

Include the definition of SEND in the Code of Practice:

"A child has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for him or her."

"For children aged two or more, special educational provision is educational provision that is additional to or different from that made generally for other children. For children under two years of age, special educational provision means educational provision of any kind."

- communication and interaction
- cognition and learning
- social, emotional and mental health
- sensory and/or physical needs

What isn't considered SEND but may impact on progress?

EAL / Looked After Child / Parents in the services / Parents in Prison

Our role is to narrow the gap i.e. to reduce the difference between the EYFSP scores of the bottom 20% and the average of the rest of the children

All settings will have some vulnerable learners

- Looked After Child
- Boys
- 2 year old funded child
- Medical need
- Pattern of poor attendance
- Involvement of Social Care
- Gypsy Roma Traveller
- Premature births
- Children of lone parents (include service families, parents who work away for long periods e.g. oil rigs, parent in prison)

- Consent to be gained prior to accessing external support services (EY Inclusion Team, SaLT etc.) You may want to list some of the most common services that support you as a setting. Include information on the Early Help Hub for accessing services to support the holistic needs of children and families.
- You may want to include a section on parents providing clear information about their child's needs prior to entry to ensure a successful transition plan is put in place. (Refer to the Transition Toolkit)

Behaviour Management

- State the general behaviour management strategies you use within your setting.
- Behaviour management tools are to identify the underlying REASONS FOR THE BEHAVIOUR and to support the child in overcoming them.
- Parents will be consulted with if an individualised behaviour plan is required for their child.

Medical Needs

- Refer to your requirements under the EYFS framework
- For children with complex health needs the Local Authority recommends a Health Care Plan and a Risk Assessment are put in place, in liaison with child's health professionals.

Funding to Support Children with SEND

- Explain the EYSFF Inclusion Supplement is available within Worcestershire.
- Consent to access funding is included within the NEF parental consent form.
- Funding will be used to support the inclusion of named children with SEND and to support the specific interventions put in place.
- Explain other routes of funding for Out of School / Holiday provision and 0-3 non NEF children.

Transition into Reception or New Settings:

- Explain the importance on information exchange to aid smooth transition.
- Plan for transition at the earliest stage, especially for those children with complex needs.

Complaints

- How will your setting handle any complaints related to SEND provision?
